Some monsters are vocal virtuosos, while others play splendidous instruments. Until you hatch it, it's a surprise! Want to grow your Singing Monster collection? It's simple – breed monsters with different elements together to create fresh! Level them by rewarding them with things they like and nurture your unique orchestra. Build impressive structures, gather resources and master an intricate new workmanship system! Find out recipes for everything your monsters can ask of you and put on wacky decorations to add that personal touch! Expand your horizons beyond the continent and explore the diverse and wondrous Outer Islands. Each has its own catchy melody, as does your singing maestro! Who knows how many there are to discover? Know that the happier your monsters are, the faster they will produce coins. How comfortable they would be to look at their affinity, buy and place monsters and objects that they like near them. The higher the level of your monsters, the more money they'll make! To level them, you just need to feed them. The more they level out, the more greedy they are. You can have five bakeries on each of your islands. Stock up on food as soon as possible and take care of it! Don't forget to install a mine on each of your islands as it brings one diamond per 24 hours. Go regularly to buy diamonds and enter free diamonds because to watch the video for 30 seconds, you will run into your pocket with a ring. It's a game that also requires patience because we don't have the watch we want the first time around. During breeding, it can be one of two selected monsters instead of the new one in demand. All you need is patience, patience and perseverance. My Singing Monster is a game where you have to breed the monsters that make up the music. Your goal is to help monsters unleash their voices - an unusual game for your cell phone. So the game asks players to take care of those monsters who like to play and play on a small island. The game begins like any other farm-style game, with the birth of insignificant care creatures. It's just, instead of a farm, they're on an island in the sky. At first, you buy monsters and put them in the script. Then a strange thing happens. Monsters keep up with background music and increase it with their sounds. In order for monsters to grow and improve their artistic skills, you need to feed and raise them in the best way. You will find yourself on the island, unouthed, calm and covered with vegetation. That's where the first monster we put on this island coming in. There are more than a hundred species of monsters that have their own musical phrases. Some are percussion, other string instruments, or even singers, and there are DJs! You'll understand, the more we add different monsters Our island, the more complex the song will be. It's up to you to compose your song with the creatures you like! Monsters are obtained by buying on a stained glass with coins or reproduction between several monsters. To create new species, all you have to do is try out a multitude of monster combinations! Once placed on the island, monsters collect coins over time, and you can manage them to buy unknown monsters and buildings that will improve the happiness of your Monster and even make all kinds of sweets for feeding. Like many free games on your phone, there is the option to buy coins to get on speed, but you don't need that in My Singing Monsters. You just have to be patient, since each action takes real time (creating a cake, waiting for the egg to hatch after reproduction between two monsters, etc.) You can create an inclusive environment for your monsters: bakeries, trees, objects that improve their efficiency. By creating all these spaces for our creatures you will get levels, and it will allow you to unlock new islands that will contain exclusive monsters, and a new song! Therefore, each Monster has a musical phrase that depends on the island on which they place it before! It can also level, and the higher their level, the more coins you will collect. My Singing Monsters provides a relaxed, musical gaming experience. The game contains a hundred different types, and you will have to pick up, feed, and reproduce them to hope to collect them all. So combine the monsters to compose your song while it sings to you! Each Monster has its own personality and will sing differently depending on the island it lands on. The art of the game is fresh. Every monster is charismatic. Some even change their appearance during certain events, like on Halloween. You can try to hear a song put together by a gamer with creatures from a plant island to have an overview of what it can look like! If you want to use a single word to describe the fresh game My Singing Monsters MOD APK developer Big Blue Bubble, the terms weird and spiritual should be the most inseparable. It's a game that collects, upgrades and builds your music world through a variety of monsters. The protagonist of the game is a group of monsters living in a distorted voice. All monsters can accompany, have unusual sounds and use various instruments to accompany them. Depending on the collected monsters, the melody created will be different. Download My Singing Monsters here! It's a fun casual puzzle game. Players must collect their unique sounds in the game. Even if you don't know music, you can combine them to create a great rhythm.
